November 16, 2018

Dear Rutland Middle School Community:

On November 15, 2018 social media rumors were circulated regarding Rutland Middle School. Safety in our school is our first priority. Mrs. Napolitano and I immediately addressed these concerns following district safety procedures. We have worked with Rutland City Police and our School Resource Officer to evaluate the claims which are unsubstantiated. We will always work with our community partners to evaluate any reported security concerns.

Rutland Middle School administrators and staff are committed to providing a safe school environment, as well as, a world class education for the children in our community.

Sincerely,

Deb Hathaway  
Rutland Middle School Principal
